Description: AMERICAN HONDA MOTOR CO., INC. (HONDA) IS RECALLING CERTAIN MODEL YEAR 2008-2011 HONDA ACCORD AND 2010-2011 HONDA CROSSTOUR VEHICLES. THE PASSENGER FRONTAL AIRBAG INFLATOR IN YOUR VEHICLE MAY RUPTURE WHEN DEPLOYING DURING A CRASH. THE RISK OF SUCH AN OCCURRENCE INCREASES OVER TIME. IT IS IMPERATIVE YOU SCHEDULE AN APPOINTMENT WITH AN AUTHORIZED HONDA DEALER NOW TO AVOID THIS CONDITION IN THE FUTURE.

Remedy: PLEASE CALL ANY AUTHORIZED HONDA DEALER AND MAKE AN APPOINTMENT TO HAVE YOUR VEHICLE REPAIRED. YOUR DEALER WILL REPLACE THE PASSENGER'S FRONT AIRBAG INFLATOR WITH AN INFLATOR OF A DIFFERENT DESIGN, FREE OF CHARGE. Accident / Damage Indicator

CARFAX receives information about accidents and other damage in all 50 states, the District of Columbia and Canada. Different information in a vehicle's history can indicate an accident or damage, such as: salvage auction, fire damage, police-reported accident, crash test vehicle, damage disclosure, collision repair facility and automotive recycler records.

Not all damage is caused by an accident. Some damage could be caused by events such as vandalism, hail, water or fire. Not every accident or damage event is reported and not all reported are provided to CARFAX. Details about the accident or damage event when reported to CARFAX (e.g. severity, impact location, airbag deployment) are included on the Vehicle History Report. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic.

- According to the National Safety Council, Injury Facts, 2015 edition, 8% of the 254 million registered vehicles in the U.S. were involved in an accident in 2013. Over 74% of these were considered minor or moderate.
- CARFAX depends on many sources for its accident / damage data. CARFAX can only report what is in our database on 12/1/17 at 3:23:42 PM (EST). New data will result in a change to this report.

New York Damage Reports:

- Do not include an assessment of damage severity
- Are required if the estimated damage exceeds \$1000

Georgia Damage Reports:

- Provide an estimate of the extent of damage in its accident reports for the following:
 - EXTENSIVE: The accident damage was major and may affect the operation of the vehicle. This level of damage often results in a Salvage or Junk title.
 - FIRE: The accident damage to the vehicle resulted in a fire.

- MODERATE: The accident damage is moderate and may affect the operation of the vehicle and/or its parts. Examples include broken windows, trunk lids, doors, bumpers and tires.
 - MINOR / SLIGHT: The accident damage does not affect the operation of the vehicle. Examples include dented bumpers, fenders, grills and body panels. This level of accident should not compromise vehicle safety.
 - NO DAMAGE: The vehicle was not damaged.
- Are required if the estimated damage exceeds \$500

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Inspections

Many states or counties require annual or biennial emissions and/or safety inspections. Odometer readings are collected at the time of the inspection.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rebuilt/Reconstructed Title

A Rebuilt/Reconstructed vehicle is a salvage vehicle that has been repaired and restored to operation. These vehicles are often severely damaged before they are rebuilt and refurbished parts are typically used during reconstruction. In most states, an inspection of the vehicle is required before the vehicle is allowed to return to the road.

Salvage Auction Record

Most vehicles sold at Salvage auctions were declared totaled by insurance companies. Most of these vehicles have sustained significant damage but there are some exceptions. For instance, recovered stolen vehicles are often declared a total loss regardless of the actual damage. Rebuilders and Recyclers purchase these vehicles at auction with intentions to rebuild them or dismantle them for parts.

Salvage Title

A Salvage Title is issued on a vehicle damaged to the extent that the cost of repairing the vehicle exceeds approximately 75% of its pre-damage value. This damage threshold may vary by state. Some states treat Junk titles the same as Salvage but the majority use this title to indicate that a vehicle is not road worthy and cannot be titled again in that state. The following eleven states also use Salvage titles to identify stolen vehicles - AZ, FL, GA, IL, MD, MN, NJ, NM, NY, OK and OR.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Total Loss Vehicle

An insurance or fleet company declares a vehicle a total loss when a claim exceeds approximately 75% of its pre-damage value or if the vehicle is stolen and not recovered. This damage threshold varies by company. These companies typically take possession and obtain the title. Not all total loss vehicles result in a DMV-reported branded title. This may occur when an insurance company's definition of a total loss is different than the state DMV's definition for a branded title or when the owner of the vehicle is a self-insured company, like a fleet or rental company.
